

Helpful Tables

Each Issue of the Minnesota Commercial Flower Growers Bulletin will include helpful tables that can be pulled out and posted on a wall for your information. I hope these will be useful.

Sensitivity of Various Plants to Ethylene

Latin Name	Common Name	Sensitivity to Ethylene
<i>Achimenes</i>	Achimenes	very
<i>Aconitum napellus</i>	Monk's hood	very
<i>Aeschynanthus speciosus</i>	Aeschynanthus	very
<i>Anthurium scherzerianum</i>	Anthurium	little
<i>Asclepias tuberosa</i>	Butterfly weed	very
<i>Asparagus densiflorus</i>	Asparagus fern	little
<i>Asplenium nidus</i>	Bird's Nest fern	very little
<i>Astilbe</i> sp.	Astilbe	very little
<i>Begonia x hiemalis</i>	Hiemalis begonia	very
<i>Begonia semperflorens</i>	Fibrous begonia	very
<i>Beloperone guttata</i>	Beloperone	very
<i>Bougainvillea</i>	Bougainvillea	very
<i>Bouvardia</i>	Bouvardia	very
<i>Brassaia actinophylla</i>	Schefflera	moderate
<i>Browallia speciosa</i>	Browallia	very
<i>Calceolaria x herbeohybrida</i>	Pocketbook plant	very
<i>Callistephus chinensis</i>	China aster	very little
<i>Campanula carpatica</i>	Campanula	very
<i>Campanula isophylla</i>	Campanula	very
<i>Capsicum annuum</i>	Pepper	very
<i>Catharanthus roseus</i>	Vinca	very
<i>Celosia argentea</i>	Celosia	very little
<i>Chamaedorea elegans</i>	Parlor palm	very little
<i>Clarkia unguiculata/elegans</i>	Clarkia	moderate
<i>Clerodendrum thomsoniae</i>	Bleeding Glory-Bower	very
<i>Codiaeum variegatum pictum</i>	Croton	very little
<i>Cordyline fruticosa</i>	Cordyline	very little
<i>Cyclamen persicum</i>	Cyclamen	moderate
<i>Dahlia</i> sp.	Dahlia	little
<i>Dendranthema x grandiflora</i>	Chrysanthemum	moderate
<i>Dianthus</i> sp.	Dianthus	very
<i>Dieffenbachia</i>	Dieffenbachia	little
<i>Dizygotheca elegantissima</i>	False Aralia	moderate
<i>Dracaena marginata</i>	Madagascar Dragon Tree	little
<i>Dracaena sanderiana</i>	Ribbon plant	little
<i>Eucharis grandiflora</i>	Eucharis	little
<i>Euphorbia x keysii</i>	Euphorbia	moderate

Latin Name	Common Name	Sensitivity to Ethylene
<i>Euphorbia pulcherrima</i>	Poinsettia	little
<i>Euphorbia pseudocactus</i>	Euphorbia	very
<i>Exacum affine</i>	Exacum	little
<i>Fatsia japonica</i>	Fatsia	little
<i>Ficus benamina</i>	Ficus	little
<i>Ficus deltoidea</i>	Ficus	moderate
<i>Ficus pumila</i>	Creeping ficus	little
<i>Freesia sp.</i>	Freesia	moderate
<i>Fuchsia x hybrida</i>	Fuchsia	very
<i>Gerbera jamesonii</i>	Gerbera	little
<i>Godetia sp.</i>	Godetia	very little
<i>Gomphrena globosa</i>	Gomphrena	little
<i>Hedera helix canariensis</i>	Ivy	little
<i>Helianthus sp.</i>	Sunflower	very little
<i>Hibiscus rosa-sinensis</i>	Hibiscus	very
<i>Impatiens hawkeri</i>	New Guinea impatiens	very
<i>Impatiens walleriana</i>	Impatiens	very
<i>Kalanchoe blossfeldiana</i>	Kalanchoe	very
<i>Liatrus sp.</i>	Liatrus	very little
<i>Lilium sp.</i>	Lily	very
<i>Limonium sinuatum</i>	Statice	very little
<i>Lysimachia clethroides</i>	Lysimachia	very little
<i>Mathiola incana</i>	Stock	very
<i>Narcissus pseudonarcissus</i>	Daffodil	very
<i>Nephrolepis exaltata</i>	Dallas fern	very little
<i>Pachystachys lutea</i>	Pachystachys	very
<i>Paphiopedilum</i>	Orchid	very
<i>Pelargonium x zonale</i>	Geranium	moderate
<i>Petunia x hybrida</i>	Petunia	moderate
<i>Phalaenopsis sp.</i>	Orchid	very
<i>Philodendron scandens</i>	Philodendron	moderate
<i>Primula vulgaris</i>	Primula	very
<i>Radermachera sinica</i>	Gloxinia sp.	moderate
<i>Rhododendron simsii</i>	Azalea	moderate
<i>Rosa sp.</i>	Rose	very
<i>Rudbeckia sp.</i>	Black-eyed-susan	very little
<i>Saintpaulia x ionantha</i>	African violet	very
<i>Schefflera arboricola</i>	Dwarf schefflera	moderate
<i>Schlumbergera truncata</i>	Thanksgiving cactus	very
<i>Scindapsus pictus</i>	Scindapsus	very little
<i>Sinningia x hybrida</i>	Gloxinia	little
<i>Solanum pseudocapsicum</i>	Christmas cherry	very
<i>Stephanotis floribunda</i>	Stephanotis	very
<i>Streptocarpus floribunda</i>	Streptocarpus	very
<i>Yucca elephantipes</i>	Yucca	little
